Revised criteria for EMS bypass of United General
Hospital; 6/10/10

Effective 6/17/10

Supercedes 8/18/08 update to protocols on EMS bypass of
UGH

Pregnant patients \geq or equal to 20 weeks gestational age or
 \leq or equal to 6 weeks postpartum should bypass UGH.
Previously established system polices for patient
preference, trauma and STEMI destinations also apply.
This change was approved by the medical staff at UGH and
the Skagit EMS Medical Control Committee.
